

Berlin LP Phase 1 Natural Gas Infrastructure Replacement Project

2024

The Berlin LP Phase 1 Natural Gas Infrastructure Replacement Project is part of a comprehensive replacement plan to upgrade the aging gas pipelines in Berlin Borough.

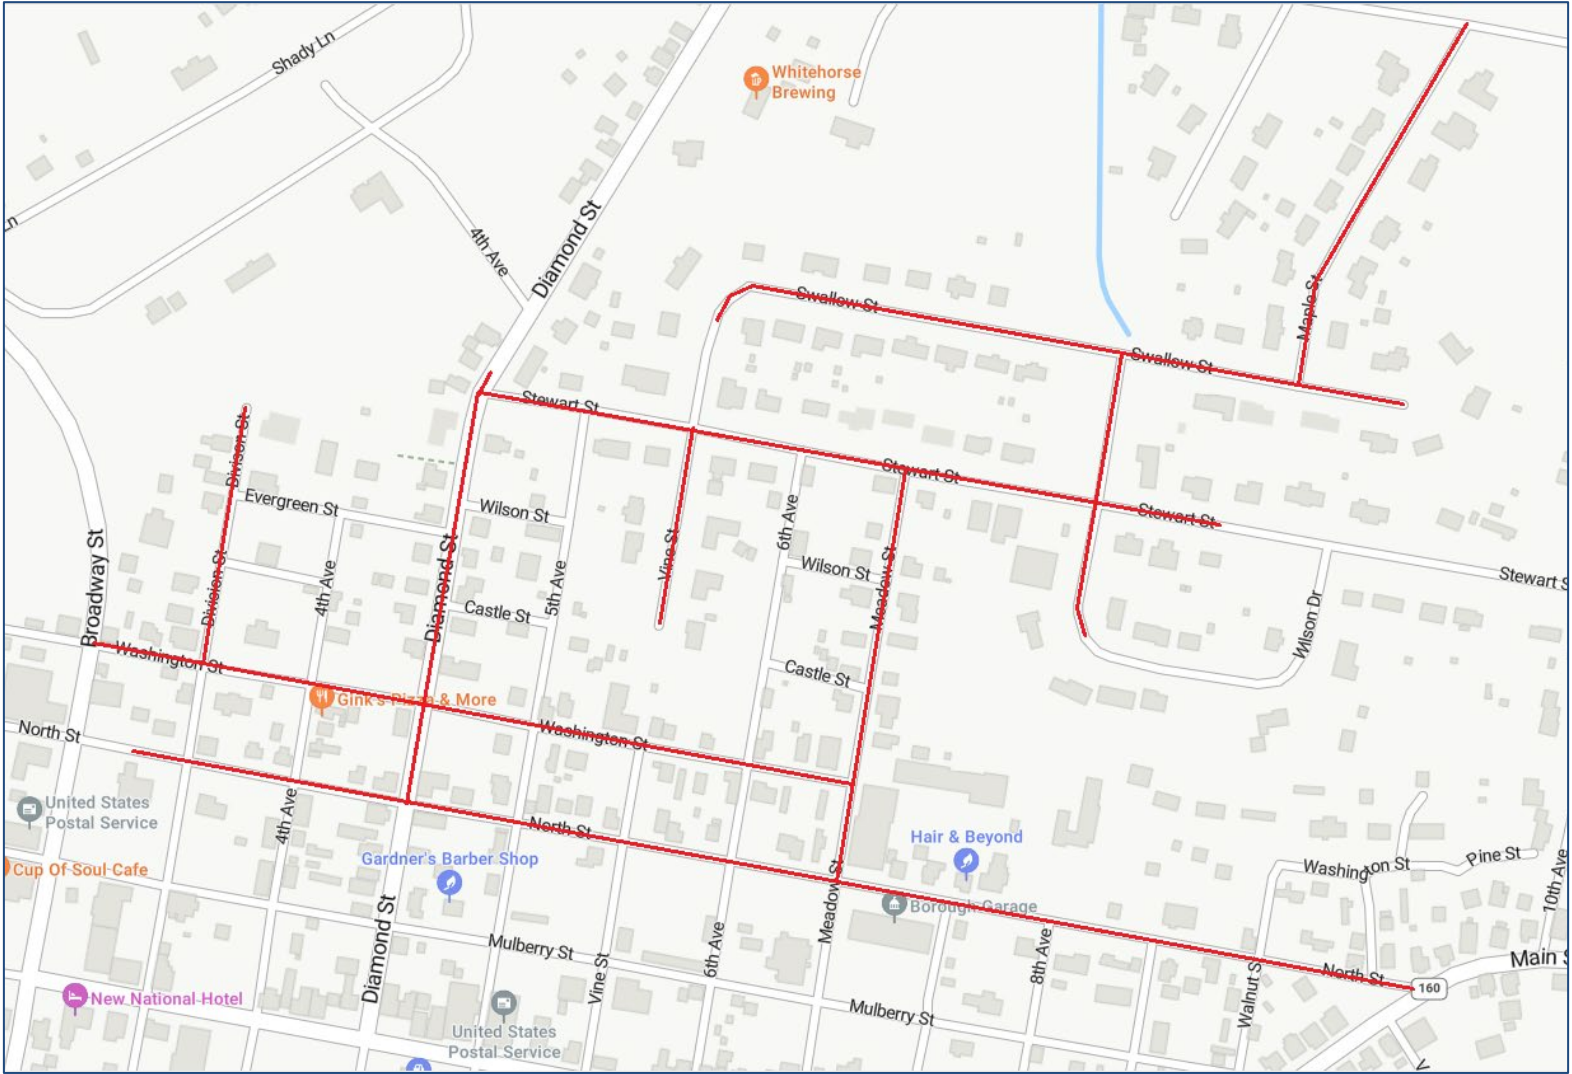

Project plans consists of:

- Approximately 11,000 linear feet of mainline pipe will be replaced
- Approximately 153 customers will have service lines upgraded
- Approximately 41 customers will have their meters relocated to the outside
- Pipeline replacement work will take place on the following streets:
Maple Street, Swallow Street, Wilson Drive, Stewart Street, Diamond Street, Washington Street, Vine Street, North Street, Division Street, Fifth Avenue, Fourth Avenue, Meadow Street, Walnut Street, and Ninth Avenue
- Hours of operation will be 7:00 a.m. – 5:00 p.m. Monday through Friday. Holidays excluded.
- Lane closures and detours will be in effect only during work hours.
- Project is proposed to begin in April 2024 and is estimated to take approximately eight months to complete
 - *Project duration may be impacted by weather and/or unforeseen construction impediments in existing ground conditions*
- Customer properties will be restored to pre-project conditions following the completion of main and service line work. Road, sidewalk and other right-of-way restoration will be completed using reasonable local municipal standards or PennDOT's standards of restoration.
- Work will be performed by Columbia Gas of Pennsylvania contractor NPL.

Berlin LP Phase 1 Natural Gas Infrastructure Replacement Project

Project Map

At Columbia Gas of Pennsylvania, we see our pipeline replacement program as an investment in the communities we serve. Required to enhance the safe and reliable system we currently operate, the upgrades Columbia Gas is doing now are part of our ongoing commitment to reliably deliver natural gas, safely and efficiently, for generations to come.
